

The widest range of
mission-critical interconnect
technologies in the world

MISSION CRITICAL

INTERCONNECT SOLUTIONS

Glenair UK Ltd

Established 1967

- Over 600 employees
- Currently 130,000 Sq ft : 4 Buildings
- QMS : AS 9100 Rev D
- ISO 14001: 2004, Environmental
- BS OHAS 18001: 2007, Health & Safety
- Growing sales year on year
- Continuing Large Investment:
 - People, Equipment & Facilities
 - New Products
 - New Technology

UK Core Products

Wide product offering

- Micro-D connectors and harnessing
- Nano-D connectors and harnessing
- Fibre Optic assemblies
- Over-moulded harnesses
- Moulded Subsea Connectors
- 38999 & Custom circular connectors
- Filtered connectors
- Custom connector accessories
- Assembly Tooling

Modern Facilities & Equipment

Oakham Business Park : Over 130,000 sq ft

Phase 3

Phase 4

Phase 5

Phase 1, 2 & 6

Phase 1,2 and 6

Micro-D, Nano-D & Harnessing

- Management
- Finance
- Business Information systems (IT)
- Micro-D & Assemblies
- Pure Air Facility
- Clean Room – ISO Class 8
- QA
- Production Engineering

Facilities: Phase 3

Sub-Sea Cell, Moulding, Test Lab

- Insert moulding
- Tool making / Jigs and Fixtures
- Test Lab
- Sub Sea Cell

Facilities: Phase 4

State of the Art Machine Shop

- CNC Milling
- CNC Turning
- CMM Measurement
- Mechanical inspection
- Brazing & Laser Welding
- 2 shifts

Facilities: Phase 5

Logistics, Fibre Optics, Circular Connectors, Harnessing, Tooling

- Glendale & Bologna Logistics
- Fibre Optic Lab
- Circular Connector & Filter assembly
- Assembly of UK accessory product
- Moulded Harnessing
- Crimp tooling service and repair
- Heat Shrink Boot manufacture

Complete Capability

100% Vertically Integrated

Expertise in all disciplines:

- Design/Engineering
- Prototyping
- Precision Machining
- Injection Moulding
- Manufacturing & Assembly
- Testing
- Through Life Support
